

Carpet Protection

Questions and Answers

- 1. What are Carpet Protectors?** Carpet Protectors are a high quality (3 or 4mil) plastic protectant for carpets in the automotive industry.
- 2. What is the Printing?** The protectors are pre-printed with "Dealer Must Remove" in black, forming a square pattern. (see picture to right)
- 3. What Widths are Offered?** Fitzgerald's carries 21" wide (with perforations every 24inches) and 24" wide (with perforations every 21"). The width refers to how tall the roll is, end to end.
- 4. How Many Cars per Roll?** The following are approximations for installing the carpet protector only on the floor of the two front seats:

21" by 200'	Approx 50 cars
21" by 300'	Approx 75 cars
21" by 500'	Approx 125 cars
24" by 500'	Approx 142 cars
24" by 600'	Approx 171 cars

Also Available:

CPD: Carpet Protector Dispenser (pictured above, with roll)

6" by 200' rolls: Perfect for small spaces: door kick plates, door handles, steering wheels plus many more uses!

Clear Rolls: For customers who do not want "Dealer Must Remove".
